

Cooking with **PLANT**

Wild Food
WISDOM

HEADER LINKS ARE ACTIVE

This simple 3 page test file should allow you to determine if the *Cooking with Weeds eBooks™* are suitable for the device that you wish to run them on, and to check the interactive* capabilities (*may not work with some devices).

Pages can be scrolled through, while top of page headers are all active links (try the one above)... Recipe Titles link to a main Recipe Index for the species, while a traditional **Contents** page links to individual sections of each eBook.

The eBooks are password protected, with a custom password for each book. If you wish to buy a number of the eBooks then to make life easier you'll be assigned the same custom PW for all the eBooks on your device/s.
